University of the West of Scotland, UK*
- 09:10-09:40** **PLENARY: Epidemiology and True Burden of Fungal and Bacterial Infections**
Prof. Souha Kanj
- 09:40-10:10** **PLENARY: Examining the Antimicrobial Therapy Armamentarium**
Dr Adel Alothman
- 10:10-10:50** **PLENARY: Challenges in Management - Interactive Case Study Session**
Prof. Robert Masterton

10:50-11:20 **COFFEE BREAK**

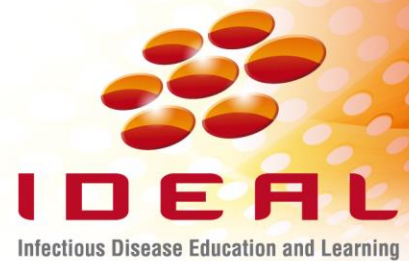

- 11:20-12:05** **Parallel Forums A:**
The Challenges of Multidrug Resistance in Bacterial Infections
Prof. Souha Kanj
- Controlling Antibiotic Resistance, Through the Implementation of Antimicrobial Stewardship**
Prof. Robert Masterton
- Managing Invasive Fungal Infections in Patient Groups Requiring Intensive Care**
Prof Guy Richards

12:05-13:05 **LUNCH BREAK**

- 13:05-13:50** **Parallel Forums B:**
Optimising Antimicrobial Therapy for cSSTI
Prof Christian Eckmann

Infectious Disease Education and Learning Summit

May 30 & 31, 2014
Prague, Czech Republic

Making the Right Treatment Choices for Nosocomial Pneumonia: Focus on MRSA

Dr Ali Omrani

Prince Sultan Military Medical City, Riyadh, Saudi Arabia

Pathogenesis of Sepsis Syndrome

Prof Guy Richards

13:50-14:00

Transition to workshops

14:00-14:45

Parallel Workshops Session
(Please see list of workshops offered)

14:45-15:15

COFFEE BREAK

15:15-15:45

PLENARY: How to Develop Local Protocols to Manage a Multidisciplinary Approach

Dr Ali Omrani TBC

15:45-16:15

PLENARY: Challenges in Management - Interactive case study session – review of audience practice and feedback

Prof. Robert Masterton

Moderated by Prof Souha Kanj

16:55-17:25

Review of Day 1: Summary of key outcomes

Prof. Robert Masterton

17:25-17:30

Group Photograph

Infectious Disease Education and Learning Summit

May 30 & 31, 2014
Prague, Czech Republic

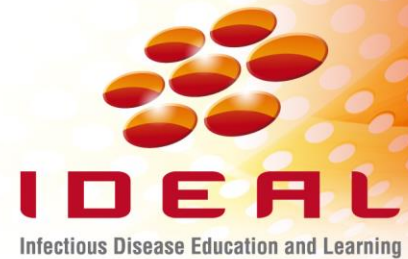

Saturday 31st May

- | | |
|--------------------|---|
| 08:45-08:50 | Welcome and Recap
<i>Prof Guy Richards</i> |
| 08:50-09:35 | PLENARY: The Challenges of Multidrug Resistance in Bacterial Infections: Focus on Gram-positive and Gram-negative Pathogens
<i>Prof Matteo Bassetti</i> |
| 09:35-10:20 | PLENARY: The Changing Fungal Epidemiology Landscape
<i>Prof Guy Richards</i> |
| 10:20-10:40 | COFFEE BREAK |
| 10:40-11:25 | Parallel Workshops Session
(Please see list of workshops offered) |
| 11:25-11:35 | <i>Transition to plenary</i> |
| 11:35-12:05 | PLENARY: Empiric vs. Diagnostic-Driven Approach to Treating Fungal Infections
<i>Dr Ali Omrani</i> |
| 12:05-12:50 | Panel discussion: What are the IDEAL lessons? - Reviewing the educational impact of the last 2 days
<i>Moderated by Prof Guy Richards</i> |
| 12:50-13:00 | Programme Summary and Conclusions
<i>Prof Guy Richards</i> |
| 13:00-13:05 | Closing Remarks
<i>Dr Khalid Malik</i> |

Infectious Disease Education and Learning Summit

May 30 & 31, 2014
Prague, Czech Republic

Workshops

1. ***Challenging Cases in Special Patient Populations with Invasive Fungal Infections***
Prof Guy Richards

- 2a. ***Challenging Cases of Fungal Infection in Surgical Patients (Day 1 only)***
Prof Christian Eckmann

- 2b. ***Challenging Cases of Fungal Infection Management (Day 2 only)***
Dr Jihad Bishara

3. ***Challenging Cases in Patients with Healthcare-Acquired Bacterial Infections:
Nosocomial Pneumonia***
Dr Ali Omrani

- 4a. ***Challenging Cases in Patients with Complicated Bacterial Infections: Focus on Pathogens
(Day 1 only)***
Dr Jihad Bishara

- 4b. ***Challenging Cases in Patients with Complicated Bacterial Infections: Focus on Pathogens
(Day 2 only)***
Prof Matteo Bassetti

5. ***Best Practice in Antimicrobial Stewardship Programmes***
Prof. Souha Kanj

6. ***Establishing a Multidisciplinary Team and Implementing Integrated Care Pathways***
Prof. Robert Masterton
