

AGENDA

Practical management of complicated hospital infections* in Europe

Frankfurt, Germany
29–30th May, 2015

*Nosocomial pneumonia due to Gram+ bacteria, complicated skin and soft tissue infection due to Gram+ bacteria or due to Gram+ and Gram- bacteria and complicated intra-abdominal infections.

Practical management of complicated hospital infections* in Europe

Chairmen: Philippe Montravers (France) and Miguel Sánchez García (Spain)

Day 1 Friday 29th May

Session One

13:00	Welcome and meeting overview Philippe Montravers & Miguel Sánchez García
13:15	Welcome to Frankfurt: an overview of local antibiotic resistance patterns Philippe Montravers
13:30	The continuing challenge of drug resistant pathogens: microbiology and epidemiology Gian Maria Rossolini (Italy)
14:00	Clinical management of cIAI, insights from current practice? Miguel Sánchez García
14:30	Clinical management of cSSTI – what can we learn from current practice? Philippe Montravers
15:00	Q&A
15:20	<i>Break</i>

Session Two

15:45 **Workshop session 1:**
Delegates will attend one of four workshops depending on their discipline

Workshop 1A

Practical issues for patient management (cIAI)
Alex Soriano (Spain) and Miguel Sánchez García

Workshop 1B

Practical issues for patient management (cSSTI)
Jorge Parra-Ruiz (Spain) and Philippe Montravers

Workshop 1C

Surgical considerations for management of cIAI and cSSTI
Gabriele Sganga (Italy) and Mo Baguneid (UK)

Workshop 1D

Susceptibility testing
Gian Maria Rossolini and Emilio Bouza (Spain)

16:45 **Transition to plenary room**

16:55 **Summary of day 1**
Philippe Montravers

17:10 **Close**

Chairmen: Philippe Montravers and Christian Eckmann (Germany)

Day 2 Saturday 30th May

Session Three

08:45	Welcome day 2 Philippe Montravers and Christian Eckmann
08:50	Current clinical management of NP due to Gram+ bacteria Alex Soriano
09:20	Pharmacoeconomics: what, how and when? Lieven Annemans (Belgium)
09:50	Early antibiotic switch and early discharge opportunities in patients with MRSA cSSTI Christian Eckmann
10:20	Q&A
10:35	<i>Break</i>
10:55	Workshop session 2: Delegates will attend one of five workshops allocated at registration
	Workshop 2A Clinical and cost effectiveness in MRSA NP Miguel Sánchez García and Philippe Montravers
	Workshop 2B Medical and surgical considerations in the management of MRSA cSSTI Mo Baguneid and Gabriele Sganga
	Workshop 2C Clinical and cost effectiveness in MRSA cSSTI Lieven Annemans and Christian Eckmann
	Workshop 2D Bactericidal or bacteriostatic – a real question? Emilio Bouza and Alex Soriano
	Workshop 2E Clinical implications of antibiotic stewardship Gian Maria Rossolini & Jorge Parra-Ruiz
11:55	Transition to plenary room

Session Four

12:00	Multidisciplinary approach to management of cSSTI and cIAI Mo Baguneid, Emilio Bouza, Christian Eckmann, Jorge Parra-Ruiz, Miguel Sánchez García and Lieven Annemans
12:30	Panel discussion
12:50	Summary of day 2 Christian Eckmann
13:00	Meeting close Christian Eckmann

*Nosocomial pneumonia due to Gram+ bacteria, complicated skin and soft tissue infection due to Gram+ bacteria or due to Gram+ and Gram- bacteria and complicated intra-abdominal infections.
