## Welcome to INFORM 2014

Welcome to the website for the 5<sup>th</sup> Regional Inflammation Forum, INFORM, that will be held on 4-6 April 2014 at the Radisson Royal Hotel, Moscow, Russia.

The 5<sup>th</sup> Regional Inflammation Forum, INFORM, will provide updates on the current diagnosis and management of inflammatory rheumatic conditions focusing on rheumatoid arthritis and spondyloarthritis, including psoriatic arthritis. This year, INFORM will also introduce a dermatology component to the meeting programme, with sessions on the treatment of plaque psoriasis.

INFORM will provide a platform for clinicians to share their clinical experience via interactive clinical cases and invites delegates to submit abstracts for development into e-posters, which will be made available on this website, as well as displayed on screens at the INFORM meeting.

As well as displaying scientific content, this website will enable delegates to register for the INFORM meeting and check the latest logistical information.

We look forward to welcoming you to Moscow for the 5<sup>th</sup> Regional Inflammation Forum, INFORM, which we anticipate will be an engaging and informative meeting.

Radu Vasilescu  
Regional Director,  
Medical Affairs - Inflammation (Xeljanz),  
EURIT

Emre Aldinc  
Regional Director,  
Medical Affairs - Inflammation (Enbrel),
